## Navigating NYC's Menswear Shopping

### Barneys

Barneys New York is the only place in the city to find both suede Crockett & Jones chukka boots and cuff links made from fossilized mammoth (chunky but not Flintstones-like) by Monique Péan (from \$6,470). They're specialists in the kind of luxury items that combine the old and the cutting edge.

**Need to Know:** Nothing in the store manages that particular feat better than Andrea Campagna's designs —simultaneously modern and classic, they're perfectly luxurious. His jackets hug your

body, but they're soft, light and cut so that they are easy to move in. Most of them are unlined, so the handstitching that gives them their elegant shape is visible.

**Insider Tip:** Campagna's love for fine needlework and cutting runs in the family. His father, remembered as one of the world's finest tailors, crafted the clothes that helped make Gianni Agnelli a style icon in the 1960s. In keeping with his bespoke heritage, everything Campagna creates can be customized (jackets, from \$4,225). But you can only get them at Barneys. 660 Madison Ave. [barneys.com](#).
