boots (\$245)

It's not New York in the city to find both suede Crockett & Jones chukka boots and calf leas made from localized merino wool (but not Flannel) like by Thomon Flan (from \$8,495). They're specialists in the kind of luxury items that combine the old and the cutting edge.

BARNEYS

they are easy to miss in. Most of them are online, so the hand-ditching that gives them their elegant shape is visible.

INSIDER TIP Campagna's love for fine needlework and cutting runs in the family. His father, remembered as one of the world's finest tailors, crafted the clothes that helped make Gianni Agnelli a style icon in the 1960s. In keeping with his bespoke heritage, everything Campagna creates can be customised (jackets, from \$4,295). But you can only get them at Barneys.
